

April 20, 2018

To our Valued Partners,

As many of you are aware, AM Best yesterday upgraded its outlook of the AmeriTrust Group from 'stable' to 'positive.' The positive outlook extends to all members of the AmeriTrust Family including Century Insurance Group.

The elevated outlook is a significant action that puts Century one step closer to restoring our A- rating. It is also an acknowledgement of the progress Century has made to provide our partners with products and services that promote positive and profitable solutions and growth. This would not be possible without the dedication and support of Century's partners and MGAs. We extend our thanks to you and all members of your teams.

Each Century associate continues to focus on providing solutions, service and support to all our steadfast partners. Century will continue to offer favorable product modifications and our broad suite of coverages on State National paper as we work closer toward the affirmation of own A rating.

Our appreciation cannot be overstated and we look forward to growth and success shared with our partners and friends.

Faithfully Yours,

Cheung Kwan, FCAS
President

Gregg Haver, CPCU, ARe
SVP, Underwriting
