

**Century Underwriting Guideline Changes** 

Effective Date: November 18, 2021 Territory Impacted: Coastline Areas in Florida, Texas, Alabama, Mississippi, Georgia, South Carolina and Louisiana Lines Impacted: Property

Century is revising our **Distance to Coast (DTC)** measurements for **all coastal wind business to include consideration for inland bodies of water including lakes**, **bays**, **inlets**, **and barrier islands**.

- These revisions will go into effect on 11/18/2021 for new business.
- Existing quotes and **renewals will not be affected until first quarter 2022** (details to follow), when all quotes, new and renewal will be subject to the new guidelines. Some current in force policies may not be eligible for wind coverage at renewal.
- These revisions <u>will allow</u> the reopening of capacity for wind coverage in the following currently closed zones:
  - Florida: Zones 3 and 4
  - Texas: Zones 1 and 2 (Harris County)

Please contact your underwriter with any questions. We appreciate your continued partnership!
